

# INSTALLATION INSTRUCTIONS

**Model: TGISNL (TGISNWL or TGISNCL)**  
**Wireless Motion Sensor LED Night Light**

## SPECIFICATIONS

Detection Range.....120° from front of PIR lens  
 Coverage..... Approximately 10 Sq. Ft.  
 Time Delay (On Time when triggered)..... 20-30 secs.  
 Dimensions..... 2.76 x 1.02 x 3.27 in. (70 x 25.8 x 83 mm.)  
 Battery Requirements..... 4 x 'AAA' (Not Included)  
 Power Usage..... 1 W/ 350mA  
 Color Temperature.....TGISNWL: 2700K Warm White  
 .....TGISNCL: 5000W Cool White

## FEATURES

The TGISNL is a battery operated night light triggered by motion detection. Its wireless design allows for quick installation in the areas hardest to access and very expensive to wire. It is easy to install with simple hand tools and in some cases, no tools at all.

When motion is detected, the LED lights will turn on for 20-30 seconds after the last motion detected. It is designed to illuminate a dark path enough for a safe passage to your destination, yet dim enough to not be a nuisance when you and others are sleeping.

Using advanced technology, the circuitry prevents LED dimming and fluctuations when the battery is low. Additionally, this convenient night light is designed to use very little energy to provide light in stairways, kitchens, bathrooms, closets, wardrobes, pantries, or anywhere you need it.

## WARRANTY

This device is warranted to be free of material and workmanship defects for 1 year from the date of purchase. Original receipt or proof of purchase from an authorized retailer must be presented upon warranty claim. ALL claims must be verified and approved by Top Greener, Inc. Warranties from other Top Greener products may vary. This warranty is nontransferable and does not cover normal wear and tear or any malfunction, failure, or defect resulting from misuse, abuse, neglect, alteration, modification, or improper installation. To the fullest extent permitted by the applicable state law, Top Greener shall not be liable to the purchaser or end user customer of Top Greener products for direct, indirect, incidental, or consequential damages even if Top Greener has been advised of the possibility of such damages. Top Greener' total liability under this or any other warranty, express or implied, is limited to repair, replacement or refund. Repair, replacement or refund are the sole and exclusive remedies for breach of warranty or any other legal theory.

## INSTALLATION

The TGISNL can be installed onto any clean and smooth surface or any surface that screws can be installed.

There are two ways to install the wireless night light; using the double-sided adhesive tape or using screws.

1. Push tab and pull battery door/ cover away from unit

2. Place 4 'AAA' batteries into the battery compartment according to the +/- diagram indicate on the casing
3. Reattach the battery door cover
- 4a. Attach the included double-sided tape onto back of mounting bracket

OR

- 4b. Install the mounting bracket onto the installation surface using included screws, then hang the unit by use of the hanger loops.
